

HYP 2017-18

Project Theme

Validity: till July 2017

Subject: a web site for a care center

The web site is for a care center or an association devoted to support children or young adults with disability, and their families. The center has multiple locations (i.e., different place where different or similar services/activities are offered, or for different profiles of users, e.g., children, young adults).

The goal of the web site is to present initiatives, activities, and services of the center, to sensitize the general public on the problems related to disability, and to promote inclusion, social engagement, and donations.

You can find examples here:

<http://labilita.org/>

<http://www.benedettadintino.it/>

<https://www.fraternitaeamicizia.it/>

General requirements

CONCEPTUAL DESIGN (C-IDM) – TEXT VERSION

SINGLE TOPICS

1. **WHO WE ARE**
2. **NEWS**
3. **CONTACT US**
4. **HELP US**
5. **FAQ**

MULTIPLE TOPICS

1. **Service**
2. **Location**
3. **People**
4. **Event**

RELEVANT RELATIONSHIPS

- | | |
|-------------------------|--|
| 1. Who? | Service → People |
| 2. Operating in: | People → Service (inverse of (1)) |
| 3. Where? | Service → Location |
| 4. What here? | Location → Service (inverse of (3)) |

MULTIPLE GROUPS

1. **Services by Location X** (each group aggregates the services in a location X)
(parametric group)

GROUPS

1. **All services**
2. **All people in alphabetic order**
3. **All locations**
4. **All events**
5. **All Services by Locations** (the *members* of this group are *groups* of services for a specific location)

“SPECIALS” (not included in IDM specs; optional)

- *Form for general request of info*
